HEADQUARTERS
ALASKA COMMUNICATION SYSTEM, SIGNAL CORPS
550 Federal Office Building
Seattle 4, Washington

SIGAK-EN

30 JUL 1957

SUBJECT: Declaration of Excess - U. S. Army Alaska Communication System
West Seattle Transmitter Site, Seattle, Washington

THRU: Chief, Army Communications Service Division
Office of the Chief Signal Officer
Department of the Army
Washington 25, D. C.

TO: Deputy Chief of Staff for Logistics
Department of the Army
Washington 25, D. C.

1. Reference is made to Department of the Army letter, AGAM-P (M) 676 (10 Jun 57) SIGAC, 18 June 1957, subject: "Separation of ACAN from the U. S. Army Alaska Communication System."
2. In accordance with AR-405-90 dated 29 July 1955 and above referenced letter, the U. S. Army Alaska Communication System West Seattle Site, Seattle, Washington, is declared excess to present requirements of this Command and will be made available for disposal action on 1 September 1957.
3. The West Seattle Transmitter Site, Washington, consists of 44.38 acres of fee-owned land in a populated residential area of the City of Seattle. The site is almost surrounded by small private houses. The land acquisition costs to the United States totaled \$33,909.84, but of this total an estimated \$7,000.00 was for improvements purchased with the land.
4. Government improvements are predominately technical in nature. The buildings are designed for the mission of the Installation. Construction cost to the United States, after acquisition of the land, has been placed at approximately \$300,000.00, excluding Signal Corps equipment.
5. Signal Corps communications equipment will be removed within such periods of time as will not delay or retard the ultimate disposal

SIGAK-EN 602

SUBJECT: Declaration of Excess - U. S. Army Alaska Communication System
West Seattle Transmitter Site, Seattle, Washington

of the real property.

6. In accordance with paragraph 4(i), AR-405-90, inclosed is a certificate to the fact that no explosives have been placed upon this property, consequently, decontamination work is not deemed necessary.

7. No cemetery is located on the site.

8. This Command will maintain constant surveillance over deactivation processes and insure prompt action in the redistribution, transfer, or other authorized disposition of personal property in accordance with existing Department of the Army instruction relating to the disposition of personal military property.

9. It is requested that the following Letter Permits granted to the City of Seattle be re-assigned upon acceptance of the installation by the Seattle District Corps of Engineers:

a. Letter Permit dated 6 February 1943 to set a 40-foot pole inside the reservation.

b. Letter Permit dated 15 May 1944 to place anchor and necessary guy wires inside the reservation.

10. Further request that provisions for the maintenance of obstruction lights on the two (2) 300-foot antenna towers be provided by the Seattle District Corps of Engineers upon acceptance of the Installation by that agency.

11. Information contained in this correspondence regarding inactivation of the U. S. Army Alaska Communication System West Seattle Transmitter Site, Seattle, Washington, is for planning purposes only, and special precautions will be taken to prevent its premature disclosure to persons outside the Army.
